

Bridge Transfusion

RAPID START

2024/12/17

Ready for use

Just for uncrossmatched blood
group O RBCs

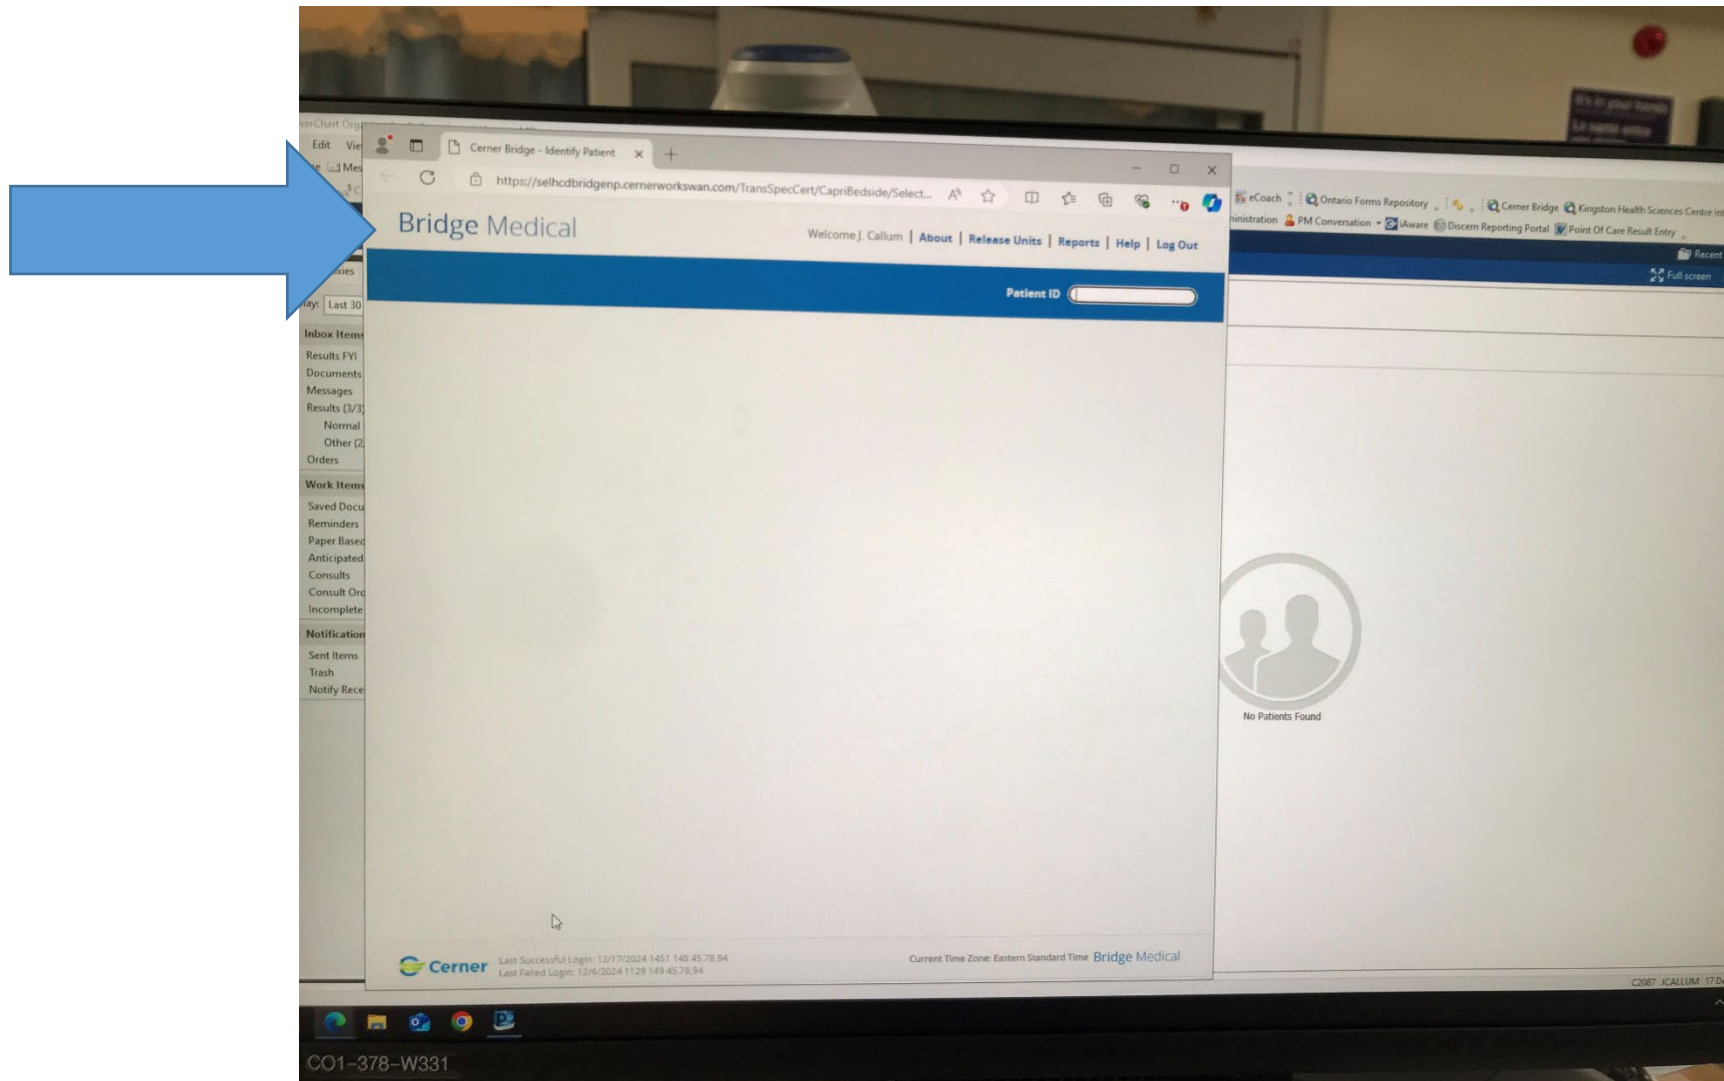

Rapid Start does NOT
check patient identification

TWO people must check the blood

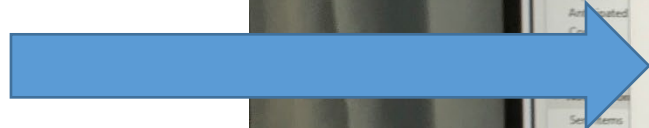

(A) Person logged into Lumeo
AND

(B) a 2nd user must scan their barcode on their badge

Launch Bridge

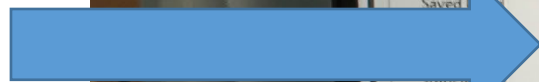

Select “Rapid Start Transfusion”

The screenshot shows a web browser window displaying the Bridge Medical application. The browser's address bar shows the URL: https://selhcdbridgenp.cernerworkswan.com/TransSpecCert/CapriBedside/Main... The application header includes the 'Bridge Medical' logo and a welcome message for 'J. Callum'. Below the header, a patient information bar displays: 'ZZZTEST, KHSCAMBULATORY X', 'ID# 2500006058', '44years', 'Male', 'DOB 1/2/1980', 'MR# 200002415', and 'DISCH 11/29/2024'. The main content area is titled 'Results' and is divided into two columns. The left column, 'Transfusions', contains buttons for 'Start Transfusion', 'Multi-Unit Transfusion', 'Hold Transfusion', 'End Transfusion', 'Rapid Start Transfusion', 'Administer Derivative', 'Browse Transfusion History', and 'View Reaction Information'. The right column, 'Vital Signs', contains buttons for 'Record Vital Signs', 'Record vital signs now.', and 'Browse Vital Signs History'. A status message at the bottom right of the application area reads 'No Patients Found'. The Cerner logo is visible in the bottom left corner of the application interface. The browser's taskbar at the bottom shows the Windows logo and several open applications. The monitor's bezel at the very bottom displays the text 'CO1-378-W331' and a digital clock showing '2:25'.
